

Rarer than Diamond, More Exclusive than Gold

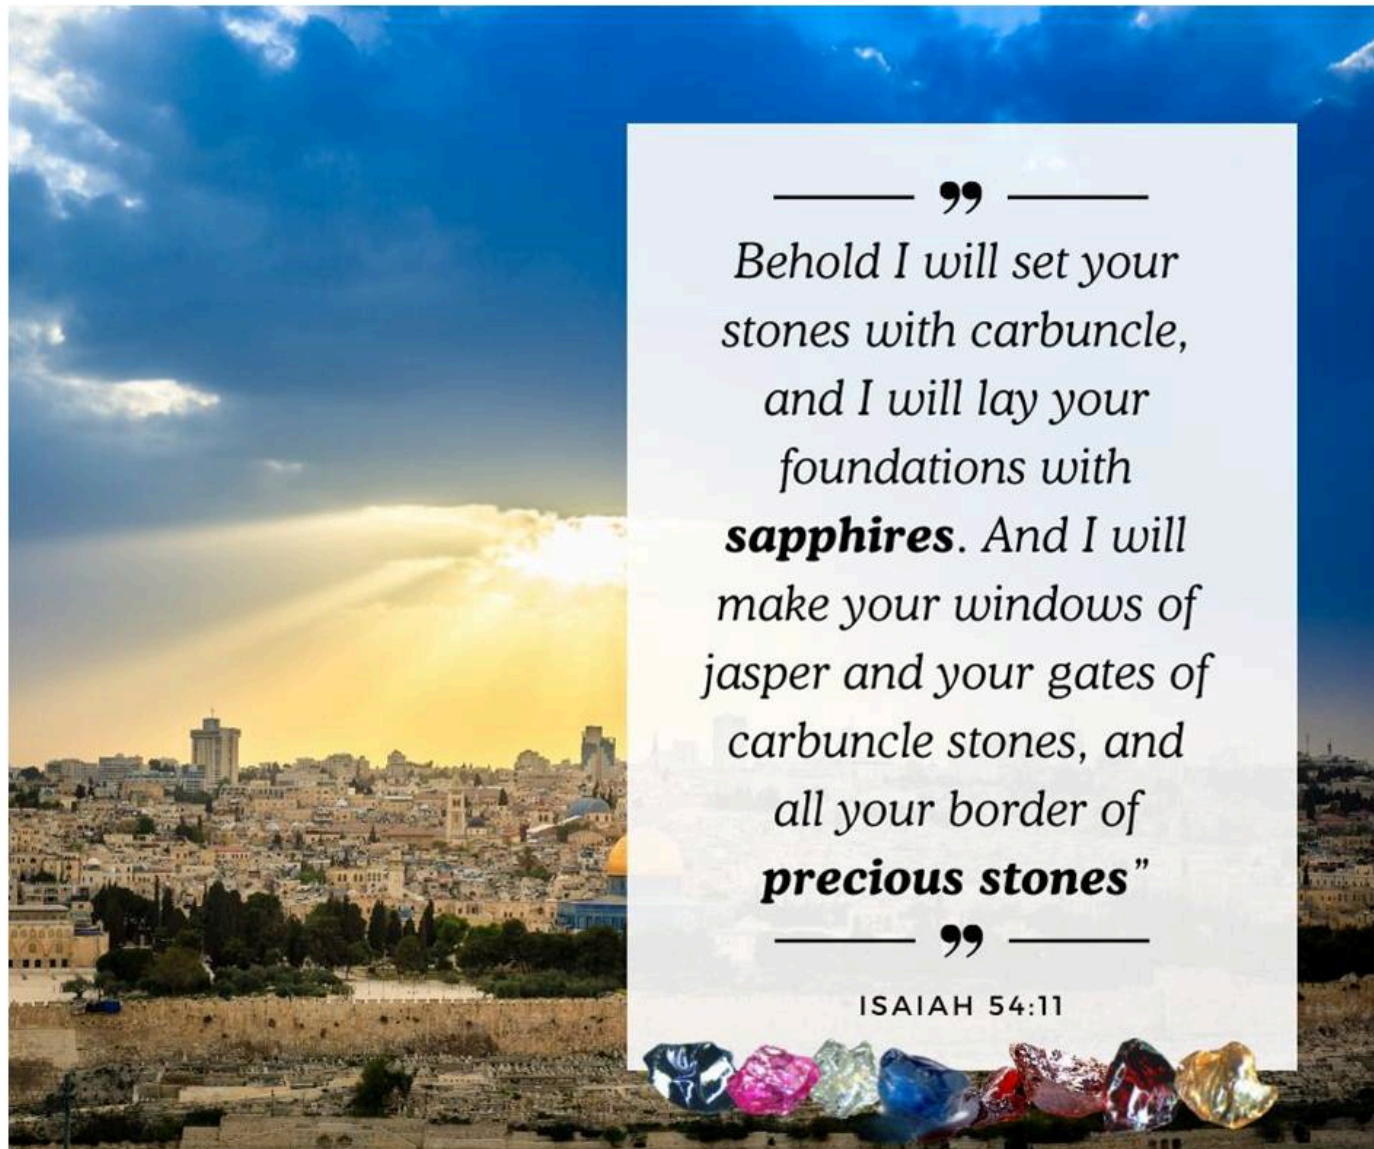

📌 *Mount Carmel, Israel* – After thousands of years, scientists and gemologists have confirmed the existence of precious gems in the land of Israel – a discovery that many believe aligns with [ancient biblical prophecies](#).

These rare gemstones, found in the Holy Land, have now been cut, certified, and crafted into fine jewelry, making them available for believers and collectors worldwide.

A Discovery That Could Change History

For centuries, scholars and religious leaders have debated the references to gemstones in the Bible. The book of Deuteronomy 33:19 speaks of hidden treasures in the land of Zebulun, a region in modern-day Israel.

Now, after extensive geological studies, Israeli miners have uncovered [sapphire](#), [Spinel](#), and [other precious gems](#) in exactly this region. This marks the first time in history that scientifically confirmed precious gems have been mined from the Holy Land of Israel under license – a revelation that is sending shockwaves through the faith and jewelry worlds.

Exclusive Access to a Biblical Treasure

Biblical scholars see this revelation as ‘the fulfillment of bible prophecies’ like the one described in Isaiah, about the precious gems paving the borders of Israel (54:11).

Unlike mass-mined gemstones from other parts of the world, these [Holy Land gems](#) are extremely rare and available only through one luxury brand: [HOLYGEMS](#) – who holds the exclusive rights to mine, certify, and distribute these gemstones.

Now, for the first time, these exclusive rare gems are available for believers, collectors, and those who seek a piece of biblical history.

The Incredible Story of HOLYGEMS

The [story of HOLYGEMS](#) begins in 1988, when the Lubavitcher Rebbe (one of the most influential spiritual leader of our generation), spoke of precious gems hidden deep within the earth of the Holy Land of Israel; and with the late Mr. Avi Taub, a devoted man of faith and vision, who with unwavering belief embarked on a journey to uncover these treasures, driven by his trust in the Rebbe's words.

For over two decades, Mr. Taub and his family faced countless challenges. Skeptics doubted, and obstacles seemed insurmountable, but their determination and faith never wavered. Finally, in 2019, their efforts were rewarded when the first ever economic deposit of precious gems was unearthed near Haifa — a discovery that scientists and gemologists alike hailed as extraordinary.

These Gems Are More Than Just Luxury – They Are a Testament to Faith

Though Mr. Taub sadly passed away before witnessing the full realization of his dream, his children (the Taubs) carried his vision forward, taking the company from the mine discovery to exclusive global distribution, after receiving state approval to sell the precious rare gems mined in Israel.

Thus, [HOLYGEMS](#) – the only legal source in the market of precious gems with Israeli certified origin – was born from the Taubs dedication to sharing these miraculous discoveries with the world. Each of these gems are not just a treasure but a testament to faith, perseverance, and the sanctity of the Holy Land.

Own a Piece of Prophecy

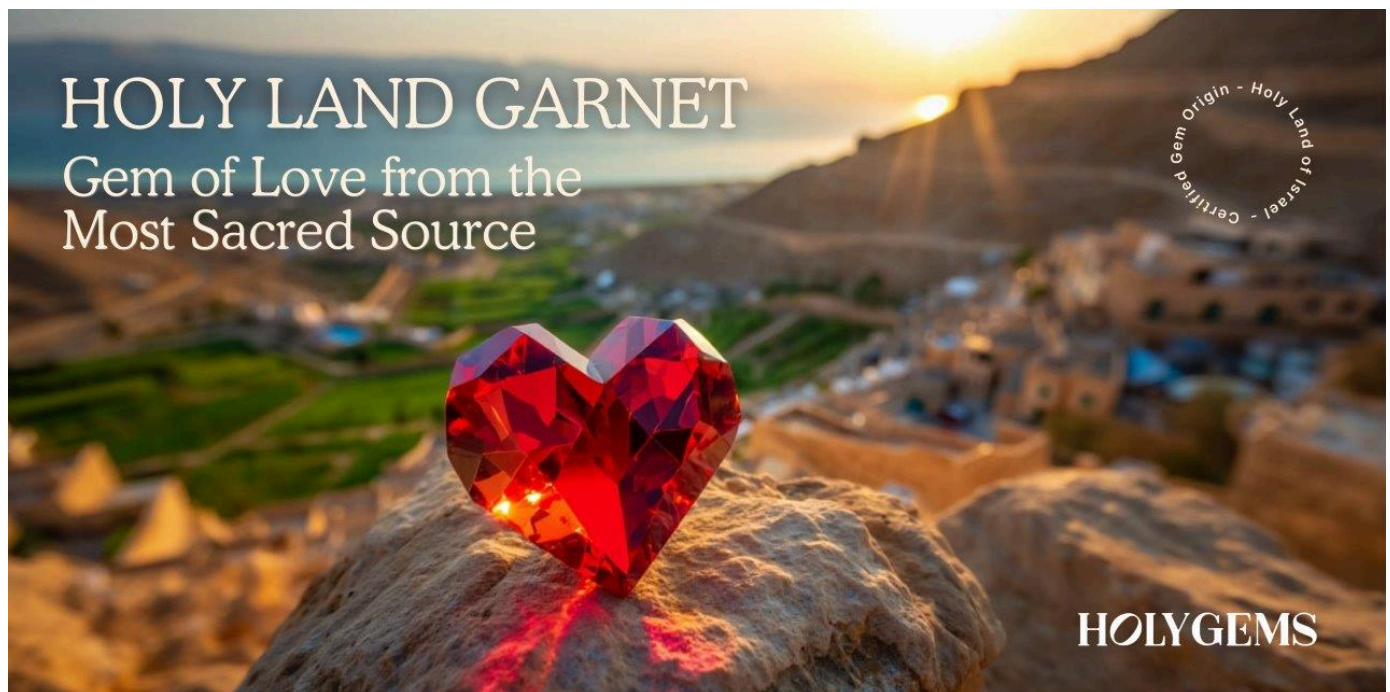

This exclusive collection is available for a limited time. Each precious gem is:

- ✓ **Mined in Israel** – From the only licensed gem mine in the country
- ✓ **Certified Authentic** – Verified by leading gemologists and transparency and traceability from the mine to the customer

HOLY LAND SPINEL

*Embodies Israel's
Unwavering
Resilience*

Certified Gem Origin - Holy Land of Israel

HOLYGEMS

Forged in the depths of Israel's ancient land, black **spinel** from **HOLYGEMS** embodies the nation's unwavering strength and resilience. Its deep, commanding black hue reflects the power of Israel itself—bold, unshakable, and steeped in history. This rare and exclusive gemstone is the ultimate symbol of authority, making it the perfect choice for both powerful men and influential women who lead with confidence and purpose.

Revered throughout the ages, **sapphire** has adorned royalty and high priests, symbolizing wisdom, holiness, and heavenly connection. In the Bible, the very Throne of God is likened to **sapphire**, and now, from the sacred depths of Israel's soil, these extraordinary gems emerge in breathtaking shades of deep celestial blue and olive green. Like the ancient olive trees of Israel, our olive-green **sapphire** is a testament to God's artistry, mirroring the land's promise as "a land of olive oil and honey." A treasure of heritage and exclusivity.

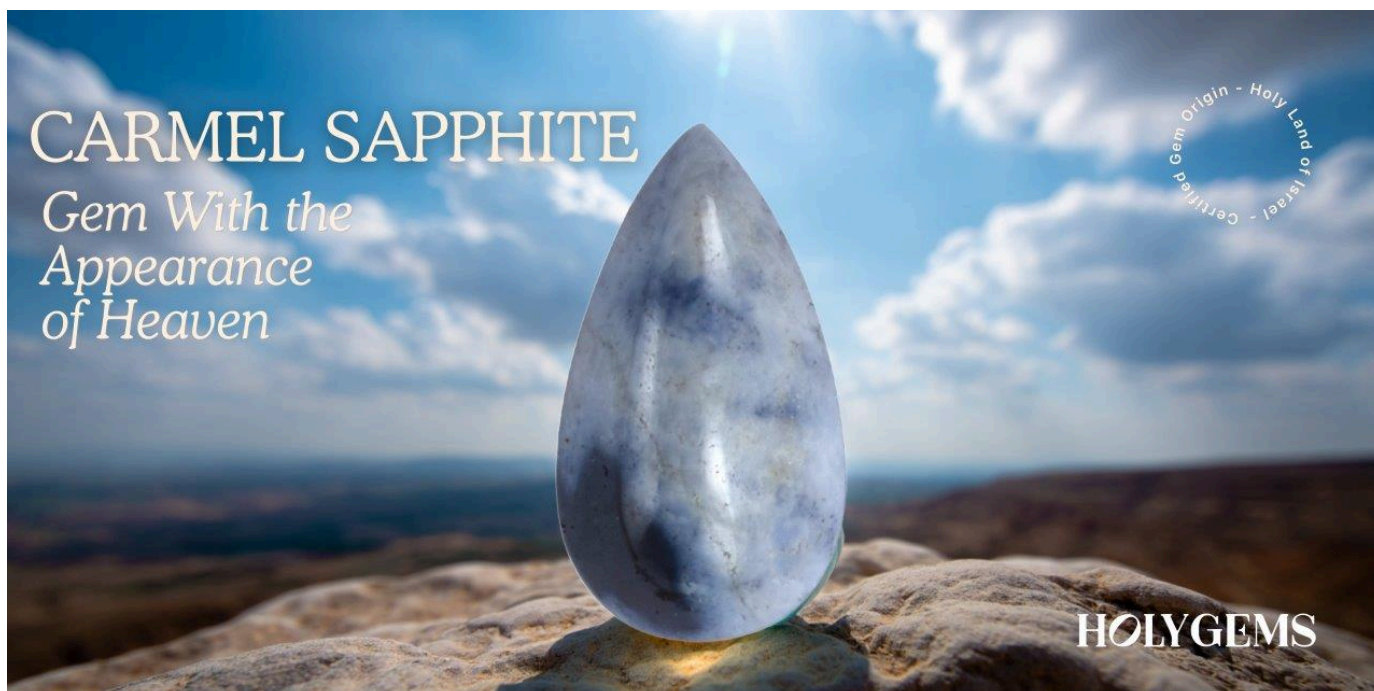

HOLY LAND SAPPHIRE

*A Land of Olive &
Honey & Sapphire*

Certified Gem Origin - Holy Land of Israel

HOLYGEMS

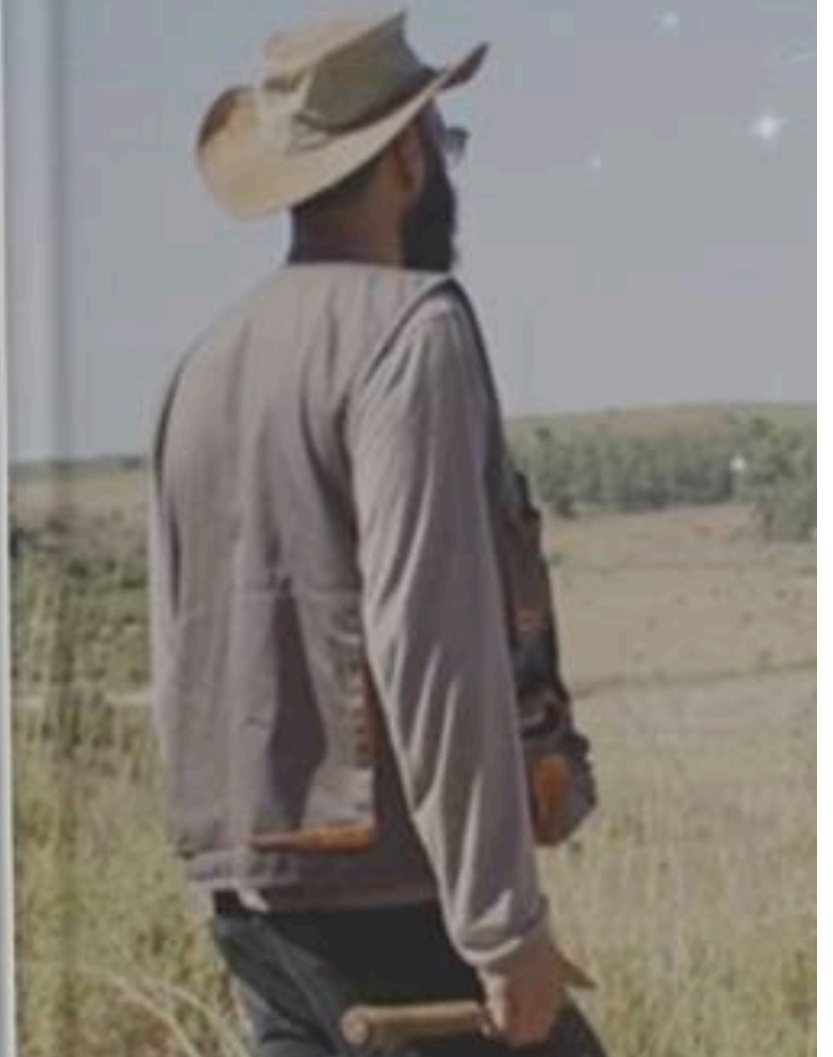

Discover the exquisite **Carmel Sapphire™**, a unique gem found ONLY in Israel. **HOLYGEMS** exclusively offers this stunning treasure. High gem-quality **Carmel Sapphire™** is extremely rare. The only source in the world is Mount Carmel, in Israel - and less than 2000 Carats were recovered to date. Recent gemology studies reveal its captivating stunning hues, which give it the appearance of the sky, reinforce the belief that it is the **sapphire** mentioned in the Book of Exodus - with “appearance of the HEAVENS”
